Youth Ministry Finding Purpose

Zoe's Youth Ministry is growing strong and dedicated to empowering youth to become the leaders they have been called to be and find their purpose.

Generation Impact exists to impact and empower the youth generation to fulfill their God given purpose. We have structured our student leadership team and have seen them grow within the ministry. Your generous contributions have sponsored eight youth through The Path Seminar. With your help, we were able to lead these students in sharpening their vision and understand their purpose. We have also

partnered with Zoe of LA to produce the Zoe Youth Conference titled "The Gift In You" to empower purpose in youth. Other recent ministry highlights includes: the purchase of a video camera to begin a youth media team. Also, our men's fellowship, The Brotherhood, sponsored a breakfast and formed a panel to answer pressing questions from a Godly male's point of view. The youth are reaching

out to our community, serving and getting involved with the Harvest Festival, as well as with Operation Christmas Child. Come by the South Worship Center to experience our connection service, volunteer to serve or check us out on the web at www.zcf.org, @Generation Impact on Facebook or @GImpact on Twitter. Thank you for your support and partnership.

Antioch Missions at home and abroad: Feeding people and changing lives!

AMI serves both locally and internationally. One of our local mission outreach ministries is our **weekly food pantry** that provides quality food items—fresh meats and produce, canned and boxed goods, to over **1,800** families so far this year in the Whittier area. These are nearly all families with children who, through your ongoing and dedicated financial support, are not going hungry.

This November, the Food Pantry will provide **300 turkeys for Thanksgiving**. You, our faithful volunteers and servers help to make the difference in so many lives both spiritually and physically.

AMI is also impacting lives abroad. AMI has collaborated with multiple missions agencies to leverage our resources in

providing both immediate response and sustained investment in the rebuilding of **Haiti** following the devastating earthquake in that nation. We have sent medical supplies, provided a container of tents for temporary housing needs and

partnered with **Pastor Bill Winston's Joseph Business School (JBS)** and Project Eden to train Haitians in **business development** and **building homes**. AMI and the Los Angeles Region of JBS sent both financial resources and faculty to help support the team effort.

Life Change

The word of God is changing lives here at Zoe! These powerful testimonies are a demonstration of how God is working miracles in our lives every day.

Little Joey Estrada, 5 years old boy, who had asthma since birth and could not go a week without some sort of treatment was healed completely of asthma when his mother, Tammie Estrada, brought him, by faith, to the altar as Pastor Ed was moved by the Holy Spirit to pray specifically for those with asthma. Because of the parent's (**Joey and Tammy**) faith and obedience and God's great power, it has been over 6 months that he has been healed from asthma.

Miss Brianna Aguirre, a 11 year old who attends Scott Ave Elementary School, received 100% on her standardized state testing and is among the top scholars at her level in California. Brianna committed to volunteering at Zoe during her summer vacation and contributes the character building of Zoe student ministry as a contributing factor to her making a commitment to excellence in her studies and her life.

"That's why we bless Him. That's why we worship Him. That's why we love Him. That's why we serve Him. He is a good God."
